

2008 Summer Language Institute

For Rising 7th Graders to Adults Hosted at the
University School of Nashville, TN

Imagine learning another language just as effortlessly as you learned your first. Then imagine being surrounded by some of the most skilled instructors and motivated learners in the world. That's the Summer Language Institute experience, an environment where learning takes place naturally and actively. You'll find every minute of class fun, exciting and fulfilling, and better still, you'll never believe what you can accomplish in just one week.

“ I was speaking and comprehending more in one day than I did in eight weeks of college-level Spanish. ”

Each Summer Language Institute class uses movement, objects, routines and stories to bring the learning process to life and give you realistic experience with the language. Our lessons move at a manageable but exciting pace, so you'll never feel bored or left out. We begin by focusing on oral comprehension, but by the end of the week, you'll be reading, writing, speaking and understanding the language in various contexts and with complete comfort.
